Dancers' Development Experience

Covid Safety Measures

Covid Safety Certificates – All teaching staff will be required to undertake a level 2 online training in Covid security and safety with a nationally recognised organisation. 2 designated staff members will have a qualification to support their covid safety training.

Testing – All staff and students of secondary school age will be required to take two rapid flow covid tests a week, one on the Sunday evening and one on the Wednesday evening.

Documentation – Both students and staff will be required to fill in a daily google form before they arrive at the rehearsal venue which will document their test results and any changing symptoms. NYB has in place technical, organisational and administrative security measures to protect your personal information from loss, misuse, and unauthorised access, disclosure, alteration and destruction. We will retain this information for 21 days after the course finishes.

Cleaning and hand sanitiser – Hand sanitiser will be available in each studio and will be used regularly, barres and surfaces will be disinfected at the end of each day. Students will be advised to wash their hands after every session.

Temperature checks - Temperatures will be taken on arrival into the building with a non-invasive thermometer.

Social Distance – The use of social distancing will be in line with current government guidelines, where possible we will still encourage students to give each other space and enough studios will be allocated to allow for small class sizes if needed.

Mask Wearing – Use of masks will be in line with current government guidelines, we will encourage students over the age of 11 to wear a mask when entering and leaving the building.

Vaccines – We encourage those who are eligible to take the vaccine but as a community we understand that there may be reasons why this is not possible and therefore nobody will be excluded if they have decided not to take the vaccine.

Travel – We advise all staff and students to make sure that they socially distance, sanitise their hands regularly and wear a mask on public transport to protect themselves and others.

Venue Regulations - In addition to our own policies we will be following the COVID policies of LAMDA studios.
